## Convocatoria especial Ibermúsicas – Mid Atlantic Arts

En busca de promover el diálogo intercultural entre artistas musicales de Iberoamérica y de los Estados Unidos, se ofrece esta convocatoria en colaboración entre Ibermúsicas y Mid Atlantic Arts para prestar ayudas a la circulación de artistas de Iberoamérica en Estados Unidos. Conscientes de la incidencia que conlleva el costo y la tramitación de las visas de trabajo en los proyectos que promueven la circulación de artistas en Estados Unidos, Ibermúsicas se aboca en la presente convocatoria a prestar asistencia específicamente en este rubro. A su vez, Mid Atlantic Arts apoyará a los proyectos seleccionados a través de la ayuda financiera a las instituciones anfitrionas de los conciertos para la gestión de los contratos artísticos.

With the mission of promoting intercultural dialogue between musical artists from Ibero-America and audiences in the United States, this call is created in collaboration between Ibermúsicas and Mid Atlantic Arts to support circulation of Ibero-American artists in the United States. Aware of the impact that the cost of work visas has on these projects, Ibermúsicas is focusing on this call to provide financial assistance specifically in this area. In turn, Mid Atlantic Arts, through its Mid Atlantic Tours program, will financially support projects selected by subsidizing presenters with part of the artistic contract agreement.
